Rules for Food Vendors

DO NOT DRIVE VEHICLES ON THE ASPHALT PATHWAY WITHIN THE PARK; IT WAS BUILT FOR FOOT TRAFFIC ONLY !!!

- ALL VENDORS (FOOD & EXHIBITORS) MUST CHECK IN WITH A VENDOR STAFF MEMBER BEFORE SETTING UP THEIR BOOTH. Vendor staff will direct you to spaces that are available. Look for the white vendor information booth at the east end of the upper park. From Hwy 25 (Cider St), turn left onto Winesap, approximately 150 ft make another left into the park.
- Exhibitors agree to have their booth set up and open by 8:30 am on Saturday. Booths will remain open until at least 5 pm. All booths wishing to participate in CiderFest must be open on Saturday but Friday is optional. All unloading must be completed, and vehicles moved out of the way, before the 8:00 am deadline on Saturday. Food Vendors must have all electrical and water connections fully operational before 8:30 am.
- Booths should be covered and able to withstand wind and rain. Canopy or tarp tie-downs and stakes must be flagged to prevent tripping. All cords and hoses are the responsibility of the Vendor to secure to the ground.
- Vendors should provide garbage receptacles outside their booth. Please keep the area outside your booth clean and free of trash.
- Vendors are responsible for providing their own electrical hookup cords and adapters. Please consolidate your electrical appliances into as few hookups as possible. The grid will not accommodate multiple plug-ins from each booth. A form is provided to list each appliance. This information is essential to manage our power distribution.
- Please post your State Health Permit or a Stevens County Food Handlers permit.
- Plan for enough Ice. There is no store in Marcus and the nearest place to buy ice is 5 miles away.
- You may bring an RV and dry camp overnight in the vendor parking areas at no charge.
- Generators will be allowed this year but quiet operation is a must! If noise becomes a problem, you will be asked to shut down your generator.
- Please fill out the attached page as it will help our electrical coordinator.
- If you need a hookup to water you must supply your own hose and back flow preventer.

I, the undersigned, have read, understood and agree to the enforcement of all rules of the CiderFest Association and its sponsor, the Town of Marcus. All vendors agree to indemnify and hold harmless the Town of Marcus, from any and all claims and losses, costs, damages, tickets, towing or expenses of any kind arising out of or from any accident or occurrence in or at the exhibitor's location. I understand that neither the festival nor the Town of Marcus are responsible for any theft, damage to goods or personal property, before, during, or after the festival. Neither the Town of Marcus or the Marcus CiderFest Association is responsible for any loss in sales or inventory due to weather or other incidents.

CiderFest

**if you need a water hook-up, please bring an extra long hose !
 A Back flow preventer must be connected to your hose.
 This safety measure has become a standard and required practice.**

**VENDOR
 TRAILER AND BOOTH APPLIANCE CHECKLIST**

Note:

Vendors will be responsible for connecting cords and plug-in modifiers. Your cords must be able to carry the load you have requested and meet all safety standards.

Use the shortest appliance rated extension cords as possible to make your connections.

Our CiderFest electricians would like for ALL food vendors to complete the following:

Please fill in the quantities of each and submit with your application.

This completed checklist will help us to estimate and configure the shared usage of electricity to all the food vendors. Please do not underestimate your power needs! We must have accurate information to place you near the appropriate power source. Please fill in the number of each appliance you have.
